

IIO91110 .NET Programming / Spring 2008

Contact lessons

<i>wk</i>	<i>date</i>	<i>subject</i>	
6	Wed 6.2.2008	Introduction	Kickstart
8	Fri 22.2.2008	ADO.NET	
11	Fri 14.3.2008	ASP.NET	
14	Fri 4.4.2008	Web Service	Hot topics
19	Mon 5.5.2008	Exam	Programming Exam

Preliminary, changes can occur

Distance tasks

#	<i>wk</i>	<i>return date</i>	<i>theme</i>	<i>subjects</i>	<i>distance tasks</i>
1	6	3.2.2008	Basics	reading and writing textfiles, try-catch-finally, console programming	Writing to File Reading From File
2	7	10.2.2008	Windows	Windows forms	Four Windows Forms
3	8	17.2.2008	Windows, OO	Creating and using class	Strange objects in NHL
4	9	24.2.2008	GDI+, DLL	Creating Graphics with GDI+	80's Classic games
5	10	2.3.2008	ADO	Reading data, DataReader, Dataset	WineCellary in MDB
6	11	9.3.2008	ADO	Handling data, SQL	Customers in SQL Server
7	12	16.3.2008	ASP.NET	Scripts, WebForms	Simple Calculators
8	13	23.3.2008	ASP.NET	Forms Authenticate, MasterPage, WebConfig	Autentication from DB
9	14	30.3.2008	ASP.NET ADO.NET	DataBindings, SQL	Bookcellary
10	15	6.4.2008	COM, Libraries	Using COM and API	
11	16	13.4.2008	Framework	Framework possibilities	EventLogger System Tray
12	17	20.4.2008	Framework	Summary, Framework possibilities	Student's own distance task *
13	18	27.4.2008	Web Service	Creating and using database based WebServices in .NET	Reading TopScorers from Webservice

* Create your own application. You can select functionality yourself. Study something "new" from Framework
